2026 PLAYER CONTRIBUTION

The cost of operating a football program continues to rise each year. While we work hard to offset costs through fundraising and sponsorship efforts, Player Contributions remain essential to keeping our program running. These contributions cover essential costs that school funding alone often cannot fully provide, including equipment, facilities, transportation, coaching support, and game operations. By contributing, families help ensure a safe, well-run, and competitive program where all athletes have the resources and opportunities to develop and succeed.
